

Call for participants – Youth exchange

Which shape takes my citizenship?

In our society, and through our projects, cultural identity and culture's notions is a privileged passage to talk about citizenship and engagement's questions. Which impact our cultural inheritance has on our citizenship?

This is why we would like to offer an opportunity where we can interrogate cultural identities through the heroes who make History.

Through the association of intercultural workshops and the discovery of artistic ironworks, the aim is to encourage the development of critical thinkings and the interrogation of their own cultures and citizenship.

During the first week, we will enter to the topic by exchanging about the notion of cultural and intercultural learning.

The next two weeks, we will deepen our knowledge by the discovery of the artistic ironworks handicraft and the organization of an exhibition. The aim of the exhibition will be to promote their thoughts and the project in the local territory.

We are waiting for you!

Founded in Toulouse in 2002, the association Citrus moved to Laguépie in 2012, a small village in the Tarn-et-Garonne's department in the Gorges de l'Aveyron. The activities of the association are multiple, intense and bring people to mingle, work and sometimes live together.

"Working together" is based on the philosophy that unites the long-term volunteers, permanent staff, voluntary on international projects, etc.

Restoration, gardening, cooking, European cultural events, promoting volunteering, contacts with local associations, developing a network of local producers, are the association's current projects, proud of its roots in rural areas.

PRACTICAL INFORMATIONS

Dates

From 4th of July to 25th of July
(including travel day)
