The "Kita SieKids Villa Pustebblume" is a bilingual (German/French) day care center located near the city center of Karlsruhe. The center offers full-day childcare from 7.00 a.m. to 5.30 p.m. for 83 children spread over 6 groups, separated by age (from 6 months to 6 years). We provide a daily lunch and an afternoon snack.

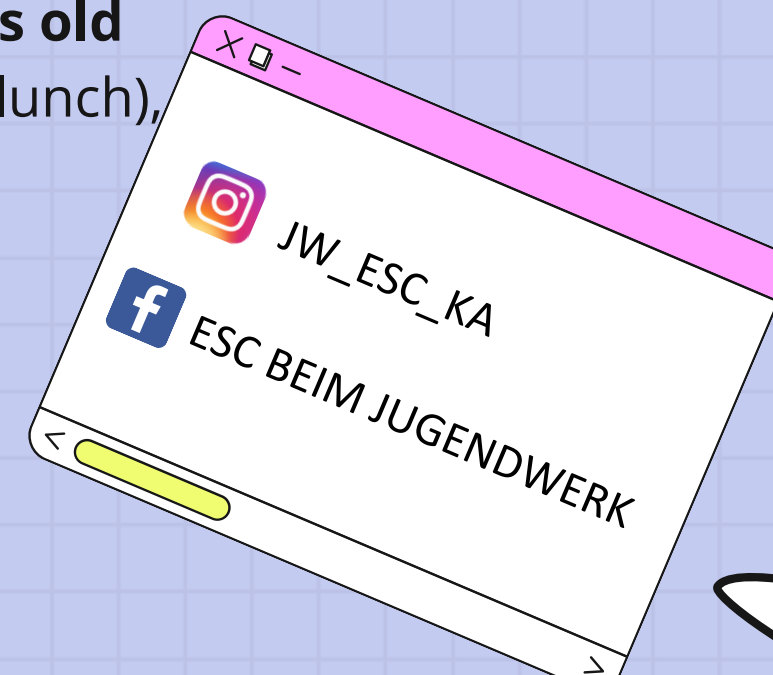

Various program for the children is offered. Besides playing together, they can experience playing and working with art and colors, doing sports, being curious about experiments and natural sciences, playing theater, or doing handicrafts. The children are always accompanied by the educators. **The main goal is that the interests of the children are being supported by the educators and the volunteers.** Additional excursions to museums, the city, parks or playgrounds, and cooperations with other institutions take place. The daycare center is open to all children, no matter what nationality or social background they have.

The children meet for breakfast and lunch in the kita, where you'll support them as well. The daycare center " Kita SieKids Villa Pustebblume" has long-term experience in working with local volunteers in its organization. The team, which is mixed of different nationalities, offers an exciting working area for European Volunteers.

Your tasks are supporting the educators in one group of children from 0 to 3 years old in their daily activities, supporting the kitchen (preparing, cleaning after breakfast and lunch), but as well realizing your own project with the children.

The kids and educators speak both French and German, so you will be involved in a multilingual environment :)
